

AnteAGE MD®
Growth Factors & Cytokines

**GET
GROWING**

WITH ANTEAGE MD®
HOME HAIR SYSTEM

A SIMPLIFIED HOME HAIR SYSTEM TO SUPPORT YOUR HAIR GROWTH JOURNEY AND ENHANCE IN-OFFICE TREATMENT OUTCOMES.

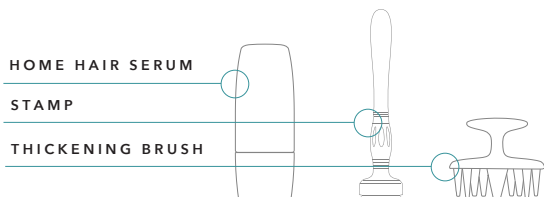

Hair loss can be extremely frustrating for both men and women. AnteAGE® has found a way to give you the hair growth results you are looking for with our science-based **Growth Factor Hair Serum**.

RESULTS

AFTER 90 DAYS

As you age, **the growth phase of your hair cycle gets shorter**, resulting in hair loss and thinning. Hair growth signal boosters help turn these follicles back on, targeting the Wnt-1 pathway to give your hair the push it needs to **get back to a normal growth pattern**.

Use the **Hair System** to ensure optimal outcomes when you **nourish your hair follicles with repairing growth factors** before, in between, or for long term maintenance following PRP, Microneedling, and other hair treatments.
